

Partnership requirement considerations:

In order for Eekai to evaluate the potential partnership between Eekai and your organization, we would like to have as much as information covering the following area. Please be specific and feel free to add additional information if you feel it will help us to evaluate the partnership better.

- Alignment to one or more purpose(s), short term & long-term goals (Please refer to the list of Eekai's Purpose and other information at www.eekai.org)
- Commitment to non-religious and non-political agenda in our partnership
- Official registration – Charity or Not for Profit
- Strong Governance
- Shared mission, values, goals and measurable outcomes
- Willingness to open, transparent and honest information sharing
- Quality of leadership, connections and capacity to implement project
- Organization structure & type of membership
- Elected volunteer board
- Have something significant to contribute to the collaboration, including time, knowledge, expertise and/or funds
- Proof of history of successful project implementation and tangible results
- Current and past projects, selection & implementation process & results achieved
- Problems encountered and problem-solving skill
- Use of funds – Also, include details of paid staff / overhead
- Length of active operation
- Availability of audited financial statements
- Accountability & close supervision of projects
- Adherence to budget & timeline
- References
